## **Territorial Approaches for Food Security and Nutrition and Problematising Transition**

*Discussions and strategies towards territorial food systems planning, markets and governance - Organised by the Civil Society Mechanism (CSM)*

### **Speakers:**

Nadjirou Sall - Réseau des organisations Paysannes et de Producteurs de l'Afrique de l'Ouest (ROPPA)

Florence Tartanac - FAO

Serge Tomasi - Ambassador of France

Elene Shatberashvili - La Via Campesina (LVC)

**Moderator:** Molly Anderson - Middlebury College

### **Description:**

The side event aims to discuss the various approaches to territorial food systems and rural-urban linkages with a specific focus on spatial planning, markets, governance and operationalising human rights obligations. It will seek to bring together key voices that can problematise transformation and transition and the role of public policy, and provide a space for interested CFS participants to engage in this topic and to better discuss the particular role of the CFS on the topic.
