

CFS Budget Update for 2018-19, January 2018

The overall funding requirements for CFS activities in 2018/2019 amount to an estimated USD 9,4 million. If the Rome-based Agencies contribute USD 4.05 million towards the costs of CFS Secretariat and Plenary, an additional 5 million needs to be secured through extra-budgetary resources. Contributions have been confirmed so far by Singapore, Switzerland and Monaco. Additional contributions from the EU and Switzerland are expected and will be included in the budget as soon as more information on the amount and the allocation per year is available. The gaps for the different components of the CFS budget are as follows:

- CFS core budget: USD 0.3 million
- Workstreams: USD 0.6 million (costs in 2019 for nutrition and urbanization and rural transformation, if the workstream continue, are not included)
- HLPE component: USD 1,8 million
- CSM component: USD 1,5 million
