Outreach activities

From February 5-7 2019, the CFS Chair took part in the 2nd Global Conference of the One Planet (10YFP) Sustainable Food Systems (SFS) Programme, in San José, Costa Rica. Under the theme, 'Good Food for People and the Planet, working together towards 2030', the conference's participants discussed how to strengthen multistakeholder action for the transformation to sustainable food systems. The aim was to trigger increased political commitment to design and implement enabling policies at all levels.

At the conference, the Chair called upon all stakeholders to adopt a sustainable food systems approach to promote sustainable consumption and production towards the achievement of the Agenda 2030.

On his way back to Rome, the Chair made a stop-over in New York to hold bilaterals with the group of Friends of FSN, the President of the General Assembly and her Chef de Cabinet, and the Directors of the RBAs offices in New York. Amongst other issues, they discussed the contribution of CFS to HLPF 2019 and the CFS report to ECOSOC.
