Crops

Fisheries

- Aquaculture
- Livestock
- Horticulture
- Forestry
- Other

This field is required

Please indicate the type(s) of employment-related support provided through the programme/project (tick all that apply).

- Creating rural employment opportunities, particularly for women and/or youth
- Supporting rural entrepreneurs, particularly women and/or youth
- Improving access to vocational education and training programmes relevant to agriculture and rural work
- Establishing/supporting productivity-enhancing social protection schemes in rural areas
- Strengthening occupational safety and health measures for agricultural and rural workers
- Promoting socially responsible agricultural production and investment
- Supporting mechanisms to prevent and reduce child labour in agriculture
- Enhancing compliance with core International Labour Standards and national labour legislation in rural areas
- Enhancing women and youth's access to representative organizations
- Strengthening networks of producers' and rural workers' organizations, particularly in the informal rural economy
- Other

This field is required

Please indicate the intended beneficiaries of the programme/project's employment-related support (tick all that apply).

- Poor farmers
- Micro, small & medium enterprises (MSMEs) and entrepreneurs
- Family farmers
- Poor rural workers
- Vulnerable workers (e.g. casual, migrants)
- Rural women
- Youth (aged 15-24)*
- Child labourers (aged <15)*
- Elderly workers (65+)*
- Other

This field is required

Please indicate how the programme/project delivered its employment-related support (tick all that apply).

- Technical support for farmers/rural workers (e.g. trainings)

- Support for rural entrepreneurs' access to productive resources (e.g. land, inputs)
- Financial support (e.g. credit for rural entrepreneurs)
- Capacity development of grassroots institutions (e.g. workers' organizations, women and youth associations)
- Advocacy/awareness-raising campaigns
- Support for national legislative/regulatory reform
- Support for government policy and/or programme design/implementation
- Capacity development of relevant government institutions
- Other

This field is required

Please indicate whether/how the effects of the programme/project were assessed.

- Not assessed
- Monitoring system
- Process evaluation (e.g. mid-term evaluation, final evaluation)
- Impact evaluation (e.g. randomized evaluations, non- or quasi-experimental evaluations)
- Other

This field is required

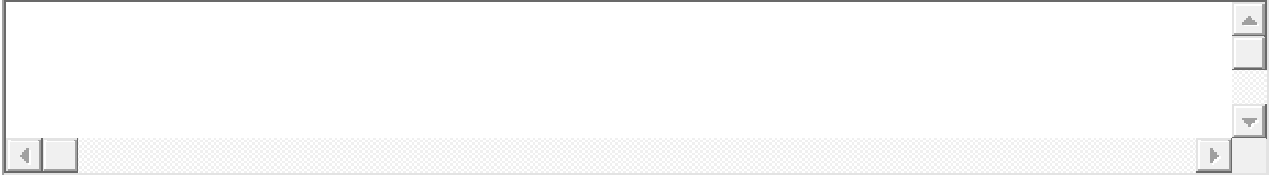

If a different age bracket was used, please clarify

Please indicate the positive employment-related effects that were documented over the course of the programme/project.
Who were the direct beneficiaries?

How many of them benefited?

How did they benefit?

Did the programme/project include any measures that will ensure the sustainability of its employment-related effects and/or support? If so, please specify (maximum 50 words).
