

Priorities for Workplan 2018, for discussion

Strengthen civil society's voices in the CFS

- Contributions to CFS evaluation discussions (7 meetings) and 5 specific meetings of the AG/Bureau
- Contribution to Nutrition OEWG (probably 3 meetings)
- Contribution to Urbanization and Rural Transformation workstream (2 intersessional events, 1 consultation meeting)
- Contributions to HLPE Report on Multi-Stakeholder Partnerships for financing the SDGs, and possible negotiations in 2018;
- Contributions to HLPE Report on Agroecology 2019: comments on scope and zero draft in 2018
- “Peoples’ Voices to the CFS”: Three CSM organized events, possibly in cooperation with supporting governments and/or UN organizations, where social movements, trade unions, indigenous peoples and other civil society organizations present their key expectations, demands and proposals for urgently needed changes in global food policies

Strengthen the use, application and monitoring of CFS policy outcomes

- Support to national monitoring events on the RtF in several countries, and support to regional monitoring events on the RtF in the context of FAO regional conferences
- Support to the independent global civil society monitoring report, and contributions to the preparations of the Global Thematic event (1 OEWG meeting)
- Elaboration of a proposal on how to use better the more specific CFS policy recommendations and the full body of new policy orientations approved by the CFS (GSF) for the efforts towards more policy coherence and accountability with the right to adequate food
- Support the CSM Working Groups to concretely promote the use and application the CFS policy outcomes they have been involved with

Strengthening of the CSM

- Implementation of the new Communication Strategy
- Implementation and Follow-up to CSM Evaluation
- Support to constituency/sub-region meetings
- Continuation of building of the new constituency
- Meetings of the CC in May and October 2018
