

WORKPLAN OF THE GSF OEWG - 2016-2017

Extract from CFS MYPoW 2016-2017

36. *At its 40th Session in 2013, the Committee decided that a periodic updating of the GSF be carried out to review the full text and adjust its length, subject to available resources.*
37. *The periodic updating process would take the form of a targeted review in order to incorporate major new international developments in the area of food security and nutrition in the text, particularly in Chapter 3 “The foundations and overarching frameworks”. The Sustainable Development Goals as well as the outcomes of ICN 2 could represent the main pillars of such update. This process is also meant to carry out a minor technical update of Chapter 4 “Policy, programme and other recommendations” to streamline its content and reduce its length by primarily focusing on CFS recommendations.*
38. *The periodic updating process will also offer an opportunity to think about dissemination options for the GSF, including by making it a more user-friendly on-line resource that might offer more scope to include case studies.*
39. *The consultation process will be carried out within the **GSF OEWG** with a view to finalizing the revised version of the GSF before July 2017 and presenting it for **endorsement by the Committee at its 44th Plenary Session in October 2017.***
