

**THURSDAY 20 OCTOBER 2016 – 8:30 am  
PHILIPPINES ROOM, FAO HQ, ROME, ITALY**

**CONTRIBUTING TO THE CFS DECISION-MAKING ON PRIORITIES:  
*Dialogue on common pathways to address  
Agroecology and Genetic Resources.***

The side event aims to create a space of dialogue of CFS participants on the CSM proposals for future CFS priority issues. CSM has been promoting the inclusion of Agroecology and Genetic resources in the CFS priority issues for some years. Since the CSM still believes these are imperative issues to be addressed by the CFS it seems important to keep creating dialogue's spaces among CFS participants to find common pathways.

**AGENDA**

Introduction of the panel and moderation
